Dear Dr. Baltazzi;

In february I received Your book ASP "a mind-body system of self-protection".
Now 5 monthes later I've read Your book for the third time and I promised You to write how I thought about the book.

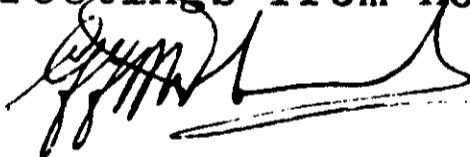

Of course these technics are basic-technics, but I must tell You, they are very good indeed. I think ASP will become very popular in U.S.A., for in short time people can learn very effective things.

When You make a book for higher degrees, please inform me, for I will buy this book too.

I hope Dr. Baltazzi, that Your Society will grow in U.S.A. and I wish You ~~XXXXXXXXXXXX~~ good luck with the ASP-method.

Please give my best wishes to Your members.

With greetings from Holland,
